Embarassed by Too Many "Drives"

Englewood people are as liberal as those of any other part of the city, and feel keenly when they are not able to contribute liberally to any worthy cause, but we have heard more complaints this year than ever before of the great number of "drives" now in progress it may be urged that one might contribute a small amount to each, but this makes a person look cheap to have his or her name down for a small amount where a neighbor has been liberal, and some feel under obligations to contribute to causes that are unknown to others. About every college in the land is asking something from their alumni and one does not like to refuse their alma mater anything in reason. Then comes hospitals, churches, many organizations, all worthy and to which one would like to contribute, but which must be refused. The charities must be cared for and it is our plain duty to contribute to them, but with the present effort for retrenchment and in many cases a reduction in incomes, there should be no criticism of those who consider their first duty to their family and their credit.

A surprise birthday dinner was given to Mr. John Evans of 435 65th pl. last Sunday at his home.

Now Is the Time of the Gladsome Picnic

We can imagine no better way to spend a day than a picnic to one of our beautiful forest preserves. Family and neighborhood parties can enjoy them even if they have no autos, as most of them are easily reached by interurban routes or even the regular street railways, and the more distant preserves are reached by the steam railroads as well. In most of the places all conveniences for cooking are provided, even ovens and fireplaces for making coffee, cooking a full meal if desired, and water is provided in abundance. The Joliet line reaches Palos Park and other preserves; the Kankakee and Blue Island line reaches others, and the big preserve outside of Chicago Heights on the Sauk Trail is but a few hundred feet from this line. The Milwaukee line or up the North Shore reaches all those that may not be reached by the surface and elevated roads. Write to President Dan Ryan for descriptive booklet and routes and he will forward them to you. Camping grounds may be secured for those who desire to spend week-ends and longer. The steam roads will take you to the Dunes and at Miller's you may secure all accommodations for a picnic or a camp. Everyone in Chicago may enjoy their vacation by availing themselves of the means the liberal board of county commissioners have provided for us. Come on—let's go!

Mr. and Mrs. L. K. Scotford and son, Louis, 6433 Harvard ave., leave Tuesday evening for Cleveland, O., to visit the Rev. John Scotford.

The Kiwanis Clubs are to assume charge of the securing and planting of the "soldiers' trees" along the country's highways. One will be planted for every one in the service of his country during the late war.

Englewood has a tenant's war on that is a bit unusual. A large squirrel box has been erected at 6545 Yale ave. and below it is a bird house, but the squirrels have multiplied so rapidly they needed more room, so forcibly evicted the birds and now occupy the entire apartment from basement to roof. No unfair signs have been put up as yet.

Sleeping Sickness.

Medical experts disagree in their conclusions as to the exact nature of sleeping sickness. Some forms of "sleeping sickness" are not unlike brain fever, while others indicate symptoms much similar to spinal meningitis. Physicians advise caution against undue exposure to the disease until more exact knowledge of its cause is ascertained.

Diminutive Only in Stature.

It is related of Philetas of Cos, distinguished about 330 B. C. as a poet and grammarian, that he was so diminutive in size and avoirdupois that he carried metal weights in his clothing to prevent his being blown away by the wind. He was the preceptor of Ptolemy Philadelphus.

NEWS

The schools will all be dismissed this evening until Tuesday morning

Miss Hulda Boese of 5945 Sangamon st. spent the week end with her parents in Westville, Ind.

Mr. and Mrs. Fred Hertzel, 6743 Sangamon st., are entertaining his sister from Huron, S. D.

Mrs. F. D. Schrader has moved from her former home, 6759 Oakley ave., to 6316 Tallman ave.

Fred Cornish was buried Monday from the home of his sister, 6423 Peoria st. Burial was at Mt. Hope cemetery.

It will be a great accommodation to have a thief proof garage to keep your auto in while visiting or shopping in the vicinity of 63rd and Halsted sts.

Announcement is made of the engagement of Miss M. Lorraine Wood, 5120 W. 38th pl., to Mr. J. Thurlaw Pipes, Winslow, Ind. The wedding will be solemnized early this fall.

The many friends of James Eastman of 6521 Peoria st. will be pleased to learn of his improved condition. For over a week he was in a very serious condition, suffering a severe attack of pleural pneumonia.

Sam Phillips will be the next president of the Englewood Business Men's Association. He will deliver his inaugural address next week, and will donate a parlor set to all those who have the patience to listen to it complete.

Geo. W. Reischel, formerly of 6154 Ashland ave., has moved to 422 65th pl.

Carrier Charles Schumacher of Chicago Lawn doesn't know whether to be happy or not. He and his friends enjoyed a splendid chicken dinner last Sunday. Pete, his big rooster, was responsible for the feed. The neighbors and friends who criticized Pete for eating their garden sass and awakening them at 2 a. m. were among those who enjoyed seeing the "bones."

Mr. and Mrs. Fred C. Allen of 6549 Carpenter st. have received word from their sailor boy son, Raymond, who is navigating officer of the battleship Minnesota, that he will sail today on a three-months world cruise with the new midshipmen who recently graduated from Annapolis. Raymond is one of the boys that went to the front in fine shape and won a high position in the navy. We have heard a pretty Boston young lady is very much interested in the cruise.

Some of the postal clerks of our local stations who are doing temporary night work this month at the main post office have formed a ball team known as the Federal Colts. When not sleeping in the morning they practice ball playing and expect to become a genuine article. Last week at their first public attempt in a game with the Federal Giants they lost, score 14 to 5. Ratigaw, the best amateur shortstop in the city of Chicago, with the assistance of Jack Field, pitcher, is planning a series of games to show that the Federal Colts mean business and will win.

Ogden Park Activities

Grammar School Baseball League

Mr. Frank R. McGarr as president of the Southwest Coal and Material Company, 2038 W. 59th St., is offering a trophy to the winning team in the grammar school baseball league. The cup is now on display in the window of Ballin's on 63rd and Ashland ave. The Wentworth and Copernicus schools are in the lead, both having won three games. There are eight more games to play for the final standing.

Kite Tournament

Ogden Park entered fifteen kites in the south park tournament at Washington Park last Saturday. We won three places in the meet. William and Howard Gall, 6220 Carpenter st., won first place in the novelty contest with a Holland windmill kite. Edward Marek won third place in the same contest with a combination kite of unusual decoration. His brother came in third in the race with a bow kite.

Memorial Day Poppies from France

Mrs. H. G. Earl of 342 72nd st. places us under ogligations for several beautiful artificial poppies mounted on green stems with an inscription, "Decoration Day, 1921 —Poppy Lady from France." They are a soulful tribute of the grateful French people to the American soldiers who lie in the "poppy fields" of their land, and who fell in defense of their country.

Opera at Lindblom High School

This evening and tomorrow evening will be the last presentations of the pretty little opera, "The Treasure Hunters," given by the opera class of the school under the direction of Mr. Wm. R. Bowlin. There are one hundred in the cast, and all the costumes and scenery, lighting and mechanical effects have been made in the school, and the direction is under Mr. W. M. Mason and Miss Mary E. Courtenay. From those who saw the first presentation last evening, we learn that it is very well rendered, every character is well taken, the music perfect and the concert work commendable. The pupils will appreciate the liberal patronage of the people of Englewood and the assembly hall should be crowded tonight and tomorrow night.

The more critical you are about your laundry service the better we like to have you call upon our Individual Family Service Department. Anything washable may be sent and will be returned the second day beautifully clean, everything dried; all flat pieces ironed; 25 pounds, $2.25. Brewster Laundry, phone Wentworth 273 and 3791.—adv.

Where were you THEN and where are you TODAY?

Where were you when Henry Ford was trying to raise the first few thousands of dollars necessary to start the enormous industry known as the Ford Motor Company? Had you invested $1,000 in Ford's stock, IT WOULD HAVE BROUGHT YOU IN 1919 $122,700, TO SAY NOTHING OF THE ENORMOUS DIVIDENDS IT HAS PAID.

If you really had such an opportunity, would you grasp it?
SUCH AN OPPORTUNITY IS NOW OFFERED YOU.
The Tractor Industry today stands on about the same level as the Automobile Industry did at the time Henry Ford offered his stock for sale.

In the agricultural field the tractor market is usually based on the number of farms of one hundred acres or more. According to the last census figures, there are 2,669,391 farms of this size or larger in the United States alone, and 1,438,069 farms averaging very close to one hundred acres. The potential tractor market, therefore, can be conservatively estimated at 3,000,000 tractors, which will be absorbed within the next ten years. The present tractor output of the country is between two and three hundredthousand per year, with a large part of this output immediately taken up for replacement, the life of the average tractor being less than three years.
The Nelson-Four-Wheel Drive Tractor is a revolution in tractor construction. It is built on entirely new mechanical lines, designed to give universal, all-year-around service.

It is dependable, easy and economical to operate.
Its unusual mechanical construction fits it to work on bottom land or steep, rocky hillside surfaces and to give the same steady, efficient service in winter and summer.
You are herewith invited to become a stockholder in the corporation manufactureing the Nelson Tractor.
A SMALL AMOUNT OF PREFERRED (8% Cumulative) STOCK IS OFFERED BY US SUBJECT TO PRIOR SALE AND ADVANCE IN PRICE. Subscriptions will be accepted in the order received. All reservations for stock must be made before May 10 of this year.

With the tractor industry in its infancy, its markets are yet almost wholly undeveloped, and with a product of such a wide range of usefulness, it is obvious that the stock of the Nelson Manufacturing Corporation has possibilities of great and increasing value, far beyond the ordinary realization from investment in products not having these almost unlimited fields of activity.
It is rarely that such an opportunity is offered to the public, for participation in an industry which is rapidly becoming one of the great enterprises of the present day.

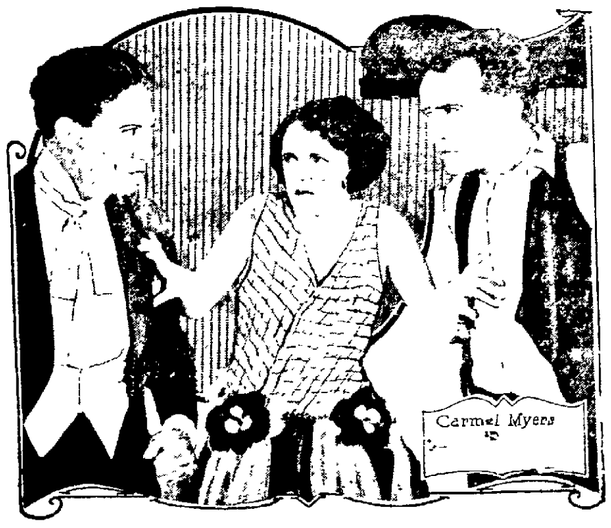
BIG DOUBLE FEATURE PROGRAM

"CHEATED LOVE"

With Carmel Myers

and an All Star Cast of Players



A picture of New York's teeming East Side—a picture of the Ghetto, a world of its own. This photoplay resembles a slice of life in its approach to realities. The teeming population, the devotion of the people, the intimate life—these are remarkably caught and make the picture a genuine treat. Certain it is that Miss Myers has her finest production here—one which gives her a chance to assert her personality in all its refreshing charm. The picture charms with its intimate touches and its play of humor, romance and sentiment. The atmosphere is numerous and abounds with local color.

A Talk on Coal

We believe it is highly important to purchasers of coal to be correctly informed as to the quality and origin of his coal, also as to the prices of the coal and how the prices are arrived at. We take pleasure in furnishing you the following information which we believe will be of considerable value and a saving to you. First, find what district the coal comes from; 2nd, the fixed carbon; 3rd, the volatile matter; 4th, the sulphur content; 5th, how much ash; 6th, the moisture; 7th, B. T. U.'s per pound. You must trust to your dealer for coal that is good.

Our Pocahontas No. 3 run of mine will produce more heat per pound than any other coal we know of, because it is absolutely pure, it is high in fixed carbon, low in volatile matter, low in sulphur content, extremely low in ash, very low in moisture and runs about 14,900 B. T. U.'s. The price for this wonderful Pocahontas mine run coal is $8.95 per ton, derived as follows:

Cost of coal at mines	$3.50
Freight rate	3.58
War tax	.12
Cost per ton on our track	7.20
Cartage	.84
Administrative	.55
Shortage and shrinkage	.35
Profit	.01
	$8.95

You will note our profits are very small at present and must be increased to at least 25 cents per ton later on. We are not looking for any change in freight rates and positively no decrease at the mines as the miners' agreement runs to March 31st, 1922. You can see for yourself that coal will not be cheaper, but sure to advance later.

We also carry a cheaper grade of Pocahontas run of mine where people insist upon the cheaper coal. As a rule cheaper coal will not prove satisfactory as there is too much impurities, nevertheless you get just what you pay for, the same as in all other commodities, and it's worth the money.

Our genuine Harrisburg for Heat is a soft coal mined in Saline County from a solid vein of coal, no partings, no impurities, all coal, uniformly good. Can be used in any steam or hot water plant, also in furnaces and stoves. Beware of imitations on this coal. We handle only the genuine.

Our D. & H. hard coal is the best from that district. We also carry all other grades of coal too numerous to mention.

This company has no salesmen out wearing the paint off of your porches and offering the so-called bargains in coal. Our salesman is Mr. Quality Coal which sells itself on its merits. Once a customer always a customer. Buying from this company means that you are doing business with one of the heads direct, which means so much to the public. Courteous treatment, quality and service.

Deliveries made any place in Chicago. We are as near to you as your telephone. Call us up, Stewart 70. J. B. MEINER & SON, general office, 338 W. 71st st.—adv.

7% AND SAFETY. Our first mortgages upon improved and producing farms have never lost a penny of interest or principal to our hundreds of satisfied customers. They are secured by a first lien upon indestructable property—agricultural land which yields annual and successive harvests which always find a ready market. These securities are non-fluctuating—in which respect they differ from a bond or a stock investment which is always affected by market conditions. Every farm mortgage which we make remains continuously under our supervision until it is paid off in full. Interest and principal are collected and remitted to you without charge. Such an investment is as simple as a savings account and pays over twice as much.

In a generation we have built up a reputation for care and conservatism which has brought us customers from over 30 states. We will be glad to send you our booklet and list of desirable mortgages without obligation.

Woodlawn Theatre

Patrons of the Woodlawn Beautiful certainly appreciate the splendid ventilating and cooling system of this excellent house during the heated term, and find it the most comfortable place to go to spend an afternoon and evening with comfort and keeping cool, as well as being sumptuously entertained. Manager Karzas has a fine booking for the coming week and one that will cater to the best tastes of the movie lover.

Beginning Sunday, May 29th, and for three days, matinee and evening, will offer the big double feature, the principal of which is Carmel Myers in "Cheated Love." This excellent production is put on with an all star cast supporting Miss Myers and is a vivid portrayal of the Ghetto of the E. S. Sid . . . N. Y. . . with all its pathos, its humor and above all its human nature. This crowded section of the metropolis has its loves, its hates, its intrigues and its stories of intimate life that one must know well to appreciate and Miss Myers is true to it all and thoroughly conversant with the theme, and it is a real treat to see her and her strong support in this best of her productions. On the same program the Woodlawn offers that always funny athletic Larry Semon, whom to see is to laugh at. He has made up a hilariously funny skit under the title, "The Rent Collector," which is so pertinent now to the overburdened tenant, and the versatile Larry has made

DOROTHY DALTON in "THE IDOL OF THE NORTH" A PARAMOUNT PICTURE

it so funny you almost forget the unpleasant raise the landlord put over on you. Also you may see the latest news weekly, Topics of the Day and the Literary Digest's collection of wit and humor.

For Wednesday, Thursday and Friday, June 1st, 2nd, 3rd and 4th, the greatest of the northern life productions, "The Idol of the North," with Dorothy Dalton, the beautiful and talented star, in the leading role. Dorothy Dalton is seen in the sort of role which made her famous, in an excellent Paramount picture, "The Idol of the North." Reference is made to "The Flame of the Yukon," that vivid story of the Canadian Northwest, in which Miss Dalton thrilled audiences all over the country several years ago by her remarkable personality that seemed to exactly fit into the great out-of-doors and the basic emotions of life. As Colette Brissac in "The Idol of the North," her portrayal will be especially enjoyed by those who remember "The Flame," for she again is placed in the Canadian Northwest, this time as the daughter of a French-Canadian miner, who is left alone in a mining town and seeks employment as a dancer in the main dance hall and saloon. Rapidly learning the "tricks of the trade," she becomes a sensation. The support is excellent. Also International News, Burton Holmes Travelogues and Saub Pollard in a fine comedy.

Manager Karzas also announces as coming the following Sunday Mary Pickford in "Through the Back Door."

NATIONAL THEATRE

"The Brat" at the National Theatre Next Week

"The Brat," a child in years, loses her "job" in the chorus on account of her shabby appearance. As she is leaving the theatre her unusual beauty attracts a dissolute young spendthrift and he offers her new clothes—for a consideration. This she scornfully refuses. On her way home she stops before a lunch room, but her purse is empty. The spendthrift, who has followed her, again offers her money and upon her refusal becomes insulting. She slaps his face; a crowd gathers and she is arrested and taken to the night court. A successful author has dropped into the court in search of local color. He sees the Brat and realizes she is the type he is looking for and proposes to the judge, who is a friend of his, that he be allowed to take her home—promising that she will be well cared for by his mother. Fed, clothed and comfortable, the Brat is good to look at and the author finds keen inspiration in her ready wit and fery nature. His mother, however, and his fiancee, are disgusted at what they consider another of his idiosyncrasies. The Brat and the spendthrift meet again and she finds that he is the author's younger brother. One day the spendthrift comes to his brother for money. The author, busy with his book, sees the Brat and the key to the situation. After giving the money to the younger brother he returns the key to the girl and she drops it into her pocket. The younger brother is hard pressed by a money lender and is dunning heavily. Thinking to save him the Brat takes the key from the roller one and puts it in her locker with the other. The spendthrift and the author's sweetheart are both interested, jealous of the Brat. The former upon being refused more money, accuses his brother of being interested in the girl, while his fiancee misses no opportunity of insulting her and making her life miserable. The author, meanwhile, becomes more and more keenly interested in her.

The Brat is asked by the Bishop to dance for a charity bazaar. On going upstairs to dress she overhears the spendthrift and the money lender in a hot argument. You better see the rest; you will like it.

MARLOWE HIPPODROME

Manager Harry Smith is surely keeping things humming at the popular Marlowe and a glance at their ad in another column will show the special attraction for every night in the week.

He now has in progress a local baby contest which will run for five weeks. Every Monday night a winning baby will be chosen and on the sixth Monday, or June 29th, the final winner will be named. In addition to this will be the regular program of first run feature pictures and five big vaudeville acts.

Every Tuesday comes the local song contest as well as five vaudeville acts and excellent pictures.

Every Wednesday comes a most interesting feature, consisting of a contest open to local girls in a bathing suit display, with the usual five big vaudeville acts and the special first run pictures.

On Thursday nights twenty big prizes will be given in the local bazaar feature, gifts from a needle to a ham to the lucky audience; also the regular half dozen vaudeville acts and good pictures.

The professional revue comes every Friday night, when from seven to ten professional acts are tried out that other managers may choose their talent for the succeeding week. Also the pictures.

On Saturdays and Sundays, matinee and night, six of the best vaudeville acts of the stage are offered as well as special first run moving pictures and topical scenes of the day and good comedies. Go to the Marlowe at any time you are seeking amusement and entertainment and you will never be disappointed.

FLEX-A-TILE HOUSE TOPS

Quality First

For Old or New Roofs

Flex-a-Tile Housetops—asphalt shingles or rolls, are made for use on both old and new buildings. They have been successfully used for many years for roofing new buildings—re-roofing old buildings, or for application over wooden shingles.

With **Flex-a-Tile** on your roof you are protected for years and years. You have a good wearing roof—a good looking roof and an economical roof, the product of over half a century of felt and roofing manufacturing experience.

The well-known Richardson felt from our own mills is saturated and coated with **Flex-a-Tile** natural asphalt scientifically processed in our refineries and then the slate chips from our own quarries are rolled into the hot asphalt. This really enamels the surface with a natural colored slate.

The making of **Flex-a-Tile** Housetops is so controlled that the quality is bound to be right. Delicate instruments for testing the felt—the asphalt—insuring proper saturation—for gauging the thickness and keeping the weight to our standard are auxiliaries assisting our skilled workmen.

SULLIVAN'S SENSE AND NONSENSE

To Our Hero Dead

"On fame's eternal camping ground
Their silent tents are spread;
While Victory guards with glory shroud
The bivouac of the dead."

A straw hat often shows which way the wind blows.

I have seen movie films that are more to be pitied than censored.

One half the world does not know how the other half gets its booze.

It should be illegal to hold sporting events of any nature on Soldiers' Decoration Day.

Casey ndignantly remarks: "Fer phoy do yez call thot bye a kid; do yiz think his father is a goat?"

On Monday remember the hero dead of our country, who suffered and died for you and I, and that our grand country might live.

I read that France exported to the United States about 300,000 bottles of champagne for "medicinal purpose," and we are little if any better.

About five million silver dollars have been coined since February. I wonder what has become of mine?

Casey spent an hour lecturing the Junior, telling him to begin at the bottom was always the best way to accomplish anything, and the youthful Casey queried, "How about diggin' a well, daddy?"

"I've come to kill the printer," said the little man as he entered the Bobtail office. "Any printer in particular?" asked the foreman. "Oh, any kind will do. I would prefer a small one, but I've got to make some sort of a show at a fight or leave home, since the paper called my wife's tea party a 'swill affair.'"

One night an old negro heard a flutter among his poultry. "So I takes down my gun," he says, "en creeps 'long in de dark. De doah of my chickin house is wide open an' I sticks de revolvah inside an' says, 'Ef you don' come outen dat, yo' low-down thievin' niggah who's in dere, I jest blow yo' black haid to pieces.' He don' let on, an' I shout out agen, 'Who's dah?' Den I heah dat crim'n'l niggah say, squeaky, like he was jest gwine to cry, 'It's on'y us chickins!'"

Englewood High School Gleanings

Memorial Day

The Memorial Day exercises at the Englewood High school take place at nine o'clock this morning in the new auditorium of the school. Dr. R. A. White is the speaker and the Meade post will attend.

The Opera

The opera "Ruddygore" was a great success. Miss Riley and Miss Froning are to be congratulated for a fine production. Arvesta Parrish, Eulalia Westberg, Carl Theman, Alfred Heath, Alvin Gerty and Jewel Prosser sang and acted their parts with delightful finish.

The County Fair

The County Fair held last Friday evening was likewise a huge success. The "vodvil" in Junior hall was presided over by Jack Ryan. At all four performances the hall was packed. Among the performers who pleased the audience especially was Robert Harper, an alumnus, who gave a fine impersonation of Harry Lauder.

The Pageant of Chicago, given by the Art Club under the direction of Miss Evans, was a fine achievement. The large audience who saw it felt a pride in the past of their city, and in its future.

Although the evening was very warm there was brisk buying at all the booths. Miss Mitchell of the English department deserves much praise for her able direction of the whole affair.

Faculty News

Miss Davison of the department of mathematics has reached India in her trip around the world.

Miss Hedeen, who has had to be absent all semester, on account of illness, writes from New York that she is much improved.

Oak Haven Meeting

The regular monthly meeting of the woman's auxiliary of Oak Haven Old People's Home will be held at the People's Liberal church, Thursday, June 2nd. Come at 11—bring your box luncheon and sewing. As this is the last meeting before our summer vacation every member is expected to be present. Margaret Pullar van Pelt, Cor. Sec.

Englewood Girl "Queen of the May" at Rockford College

Miss Ruth D. Houghton of 6600 Wentworth ave., daughter of Harry H. Houghton, was highly honored last week at Rockford College by being chosen by popular vote of the student body and faculty to be "Queen of the May" at the annual exercises held on the campus last Saturday. Miss Ruth acquitted herself very nicely, greatly to the joy of her associates, seven of whom are, like herself, graduates of the Parker High school.

M. E. Church to Honor Their Soldiers

A handsome bronze tablet will be unveiled next Sunday morning at 11:30 in honor of the young men and women of Englewood First Methodist church who served in various capacities in the forces of the United States in the great war. It is worthy of note that out of a membership in 1917 of about 1,100, 125 or more than 10 per cent were enrolled in war service. The list includes Rev. Jesse S. Dancey, who at that time was pastor of the church and who resigned to become chaplain of the first American Red Cross unit to go to France. Others on the list received citations and other marks of honor for distinguished services. The names of three young women also appear. Five gold stars are placed in honor of Glenn L. Brown, James K. Read, Mark Shepard, youngest son of Bishop Shepard, Capt. Roy B. Staver and Roy P. Webster. An impressive program has been prepared, the principal speaker being former Governor Charles S. Deneen, who is also a member of Englewood Methodist church. An interesting fact is that the tablet, which measures 34 inches by 68 inches, is cast from a design furnished specially for it by Miss Margaret White, one of the young women of the church, who is a student at the Art Institute.

Camp Fire Girls

The stunt party" given by the Southwest District Camp Fire Girls on Monday, May 23, was a grand success. The party was in charge of Mrs. Hackenbrock, who is acting as field guardian in the absence of Mrs. Thornburg. We surely think she should be complimented on the success of the party. Stunts were given by the different groups and refreshments were served, and every one spent a very pleasant evening. There were about 120 present.

Enjoying Their Old Age

We know of no happier old couple in Englewood than Mr. Herman O. Guild and his worthy wife. They live nicely at 6342 Sangamon st. and a group of their happy and rugged grandchildren may always be found about them. In fact Mrs. Guild says the way to stay young is to surround yourself with youth. The "Colonel" spends a good share of his time with G. A. R. affairs and has been drummer of the Grant post, G. A. R., drum corps for a quarter of a century. Tomorrow, the 28th, Mr. Guild will celebrate his seventy-eighth birthday and on Oct. 21st Mrs. Guild will celebrate her 75th, while on June 6th they will honor their 46th wedding anniversary. They have lived in Englewood for forty years and are a spry, active couple whom it is a pleasure to know and visit with.

Hard to see why the Germans don't promise all the reparations that the allies demand, as their promises so far haven't amounted to much.

Thanking the Press

Whereas the weekly press covering the Gresham, Brainerd and Ridge sections of the 32nd ward, notably the Englewood Times, Gresham Leader, Weekly Review and Weekly Reminder, earnestly and without any suggestion of remuneration supported our plans and efforts for the purpose of securing a park in the vicinity of Loomis st. south of W. 83rd st. and the extension of Loomis blvd. to W. 87th st., and

Whereas, said park and boulevard extension has been granted largely, as we believe, through assistance rendered by the press with benefit to the public as the sole motive of the press, now therefore be it

Resolved, that in behalf of our members, more than five hundred, all property owners, we extend to each of the above publications the most sincere and earnest appreciation of their support and commend each of the publications to the general public for their unselfish assistance and "boosting."

Adopted by unanimous vote of executive committee in regularly called meeting this 20th day of May, 1921.

M. D. SORENSON,
President.
A. F. LANGE,
Secretary Pro Tem.
W. C. BRINKERHOFF,
Chairman Executive Committee.

Rev. Sonne's Wedding

On Thursday evening, May 12th, Miss Ethel Sturner, daughter of Mr. and Mrs. Frank Sturner, 7030 Calumet ave., and the Rev. E. J. Sonne were married by Bishop Samuel Fallows in Trinity R. E. church, of which Mr. Sonne is rector. Mrs. Lois Lindeman attended the bride as matron of honor and the Misses Grace Taylor and Jean Hager were the maids; little Jane Krebs scattered flowers. Mr. Fred. Volkman served the groom as best man and Harry Trotter and George Denning were groomsmen. The ushers were Dr. Arthur Volkman, Leslie Denning and Frank Sturner Jr. Miss Mae Sheffield was mistress of ceremonies.

The wedding was witnessed by a company which overtaxed the church edifice, and a reception for relatives and intimate friends followed at the home of the bride.

Rev. and Mrs. Sonne visited Atlantic City, Washington and Philadelphia, attending the council of the Reformed Episcopal Churches of the United States and Canada while in Philadelphia, where Mr. Sonne has many friends, having been a student at the R. E. seminary there. The young people will reside at 6552 Yale ave.

Most prize fight fans seem to think Jack Dempsey will make mince meat of the brave French fighter Carpentier, but then again maybe Carpentier will put an overhead mansard roof on the doughty Jack. Nothing sure in the fighting game.

Grand Concert at St. Bernard's

A grand concert will be given at St. Bernard's church, 66th st. and Stewart ave., Friday, June 10th, that should and will attract more than ordinary attention by virtue of the artists engaged. St. Bernard's well known choir, under the direction of Miss Norine Mulvihill, will be assisted by Signor W. Rogerson, the noted tenor soloist of the Chicago Grand Opera company, also Prof. E. Huguelet, the noted pianist and Rev. Fr. Bourget, organist of Holy Name Cathedral will preside at the organ. The program will consist of a choice selection of both religious and secular music, vocal and instrumental, and it will undoubtedly be the greatest musical event of the season. Miss Norine Mulvihill will be directress for the occasion and no effort is being spared to make it a grand success. The proceeds will be donated to the building fund of the church.

South Side Catholic Women's Club
